CARRANZA PROCLAIMS

Efforts to Break Treaty Deadlock Fail

FACT FIGHT OPEN AGAIN

Lodge's Refusal is
Disaster's Cause.

Each Taft's Reservation on
Article Ten as a Con-
ciliation Move.

Hatchcock will Try to Put
Covenant on Floor Again
February 10.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 30.—Efforts to break the peace treaty deadlock by unofficial bi-lateral negotiations ended Sunday in failure today and Democratic Senate leaders began preparations to bring the treaty into the open Senate for consideration.

Over the long-debated Article X of the proposed peace treaty, the Senate has been divided into two camps. The Republicans, led by Sen. Lodge, have refused to accept the treaty in its present form, while the Democrats, led by Sen. Hatchcock, have been urging its passage. The deadlock has been maintained for several weeks, and the Senate has been unable to reach a decision.

Sen. Hatchcock, who has been working for a compromise, announced today that he would try to bring the treaty to a vote on February 10. He said that he had been able to secure the support of a number of Democrats, but that the Republicans were still opposed to the treaty.

The United States declines to assume any binding obligation to maintain the territorial integrity of any country under the provisions of Article X or to employ its military or naval forces in aid of the treaty for any purpose. The Senate has been divided on this point, with the Democrats favoring the treaty and the Republicans opposing it.

Sen. Lodge, who has been the leading opponent of the treaty, announced today that he would not support it. He said that the treaty was a disaster to the United States and that it would lead to the loss of our independence.

Sen. Hatchcock, who has been the leading advocate of the treaty, announced today that he would support it. He said that the treaty was a necessary step towards peace and that it would lead to the restoration of our independence.

Sen. Lodge said he could not support the treaty, but he would not oppose it either. He said that he was in a difficult position and that he was unable to reach a decision.

FARM PERIL IN UNREST.

Dissatisfaction is
Widespread.

Forty Thousand Replies to
Questionnaire Show Most
Serious Situation.

Agriculturists Blame Labor
Unions, Middlemen and
Nonproducers.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 30.—Indication of a widespread spirit of unrest and dissatisfaction among the farmers of the country, so threatening as likely to disturb the existing economic structure, is considered by the government officials to be revealed in more than 40,000 replies to a questionnaire recently sent out by the Postoffice Department.

The replies, as thus far digested, were summarized in a report prepared by George L. Wood, superintendent of the Postoffice Department's division of rural mails, and read to the Senate Postoffice Committee today by James I. Blakeslee, fourth assistant postmaster-general. The views of the farmers were obtained by the broadcasting of 300,000 copies of a questionnaire asking for suggestions whereby the Postoffice Department might aid in cutting down the cost of living.

Answers to the questionnaire have been coming in since the middle of December at the rate of 1000 a day and as summarized by officials, show the major complaints of the farmers in numerical order to be:

Inability to obtain labor to work the farms, hired help and the farmers' children having been lured to the city by higher wages and easier living.

High prices taken by middlemen for their mere handling of food products; and lack of proper agencies of contact between the farmer and the ultimate consumer.

CURTAIN ACREAGES.

Many replies, said one official who had looked over them, probably as many as 50 per cent, indicate the writers contemplate either leaving their farms or curtailing acreage under cultivation, because of one or more of the three major grievances.

Comments tonight on the replies Assistant Postmaster-General Blakeslee said: "Such a condition at a time when the government is crying for production, and still more production, cannot but constitute a grave menace."

Before the Senate committee he characterized the situation as "disturbing" and "portentous of disastrous consequences." This opinion was expressed by Mr. Blakeslee after a member of the Senate committee had remarked that the farmers were a bunch of Bolsheviks.

Excerpts from a number of letters taken at random from the more than 40,000 already on file at the Postoffice Department, showing the trend of thought among at least a considerable proportion of the farmers, came from New England, the Middle West, Georgia and parts of the eastern agricultural section.

BLAMES LABOR UNIONS.

"The time is very near," wrote a farmer from East Chatham, N. Y., "when we farmers will have to curtail production and raise only what we need for our own use, and let the other fellows look out for themselves. Labor unions are more to blame for the high prices than anyone else. People are trying to get away for what they don't earn."

Declaring the whole onus of the high cost of living rests with the middleman, a Missouri producer admitted establishment of municipal markets to be served by parcel post direct.

LANSING (Mich.) Jan. 30.—[By the Associated Press.] Petitions to place the name of Herbert Hoover on the Democratic ballot at the Presidential preference primary April 5 were received by the Secretary of State this morning. The petitions lacked the required 100 signatures, but it was indicated additional signatures would be obtained.

DES MOINES, Jan. 30.—[Exclusive Dispatch.] Herbert Hoover as a Presidential candidate would be popular with the rank and file of the Republican party in Iowa. Mr. Hoover's birthplace is West Branch, Iowa. Iowa knows him for a native. There is no other candidate, now on the list of prospects who could poll so large a vote in Iowa as Mr. Hoover. Due to the fact that he seems to appeal strongly to the partially nonpartisan element in each party here.

GERMANY SOON IN LEAGUE?

Peace Conference will Discuss Proposal;
France and Britain Want Her In.

(BY CABLE-EXCLUSIVE DISPATCH.)

LONDON, Jan. 30.—One of the first subjects for discussion before the renewed Peace Conference in London three weeks hence will be the proposal to admit Germany to the League of Nations. The British and even the French feel the League will be incomplete and powerless without her, and it also is felt that the hands of the present German government against both imperialist reaction and Bolshevik revolution.

BERLIN, Jan. 30.—When Germany appears in and before the League of Nations for a readjustment of her affairs she will ask for a union with Austria.

Germany probably will be a member of the League very soon as reports from Paris and London indicate in a friendly way.

It is a foregone conclusion in Berlin that, given an authoritative voice, Germany will raise its head in the pit of despair in Austria. Germany proposes to supplement for the Viennese community the economic background and support taken from it by the Treaty of Paris.

In this question, as in all others, an official of the Foreign Office said today, "Germany was forced to submit to the dictation of the Allies and was compelled, therefore, with a bleeding heart, to turn a deaf ear to Austria's expression of a desire to join the German republic. There is hope, however, in Germany the force of events will bring about a change in the Entente's attitude, and another solution will be reached by the League of Nations."

"Until that time it is Germany's aim to keep open the way and the door leading to this aim."

Minister Erzberger has already expressed these hopes at a meeting of the Confederation, January 19. Mr. Hoover's last statement seems to indicate that also among the Allies the perception is growing that a modification of the treaty in this matter is necessary. Such a change of mind will be acknowledged in Germany with sincere sympathy and satisfaction.

LONDON, Jan. 30.—The sensational Journal, John Bull, editor, Horatio Bottomley, M.P., today devotes two pages to a bitter attack on America based upon editorials and "news" articles from the Hearst papers. He says America is hostile to the Allies and only interested in trade profits and that the Allies might as well recognize the fact first as last.

"I'm fed up with Uncle Sam," hold Horatio pens. "The time has come for plain speaking. The truth is that, throughout the first three years of the struggle with Germany, America waited to see which way the fortunes of war inclined so as finally to come in on the winning side."

Bottomley is the lowest type of demagogue, but his paper has a circulation of over 1,000,000, chiefly among the lowest class of "sports." The point of his attack is that he thinks it would be creating a bitter feeling among all classes here, who believe it and that it prevents a general American settlement.

The full text of the article by the Demagogue Bottomley referred to above may be found in Hearst's Los Angeles Examiner of yesterday's date. There, Bottomley is referred to as a "noted London editor" and "influential British journalist."

Dictatorship?

REPORT FROM MEXICO CITY DECLARES PRESIDENT WILL IGNORE ELECTION RESULTS

(BY A. P. NIGHT WIRE.)

SAN ANTONIO (Tex.) Jan. 30.—Declaring he will not transfer the government of Mexico to the Presidential candidate chosen at the election to be held next July, President Carranza has proclaimed himself dictator of Mexico, according to a dispatch from Mexico City received tonight by a Mexican newspaper published here. Carranza also has declared fourteen States whose governors have joined together in a call for a convention to agree on a civilian candidate for the Presidency "to be without the constitutional regime," according to this dispatch.

Previous dispatches from Mexico City have said the government of the fourteen States likely would favor Ignacio Bonillas for President.

Coincident with this reported move on Carranza's part, Francisco Villa has established headquarters at Saltillo, in the State of Chihuahua, and the Carranza government has ordered concentration of Federal forces at Chihuahua city, according to a dispatch from Chihuahua city to the same Mexican newspaper.

This is considered significant by Mexican refugees here, who believe Gen. Alvaro Obregon and Villa are about to unite their forces for a revolution against the Carranza government.

Three Floridians Slain
TAMPA (Fla.) Jan. 30.—In a fight between cattle raisers and deputy sheriffs in Polk county last night three well-known cattlemen were killed and a fourth captured. The officers assert they caught the cattlemen cutting wire fences. For a number of years there has been ill feeling among cattle raisers over encroachment of fences on the cattle ranges, and large land owners frequently had complained of their fences being cut.

Nab Deserter Suspects
San Wiman, 22 years of age, and Charles Broder, 22, of 419 East Fifth street, were arrested early this morning on suspicion of highway robbery and, the police say, confessed to being two of the men who escaped from the guardhouse at Fort MacArthur, January 17, where they were being held as deserters. Officers W. Ryan and Haddock captured the men. Wiman had a revolver. Broder is said to have confessed to having embezzled \$1200 from an ice cream company in Buffalo. The men will be taken to Fort MacArthur today.

NO MEDALS FOR
ENLISTED MEN.
Distinguished Service in the A.E.F. Only Available to Officers.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 30.—A ruling by the War Department specifically excluded enlisted men from Distinguished Service Medal awards. Brig. Gen. Robert C. Davis, president of the A.E.F. awards board, said today before the House subcommittee, which began hearings in its investigation of the army's distribution of war decorations.

Suggestions that enlisted men be included, he said, were made from headquarters of the American Expeditionary Force, but tabled instructions from the department were that enlisted men were ineligible for such awards and that the Order of Merit, formerly the equivalent of the medal for enlisted personnel, could not be revived.

GERMAN SHIPS HELD
BY BRAZIL PROBLEM.
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Jan. 30.—The question of the right of Brazil to sell the German merchant ships which were interned in Brazilian ports during the war is being discussed in Paris by the Allied commission which is debating the problem of the ultimate disposal of such vessels.

The United States here is that both France and the United States are negotiating for the purchase of the vessels Brazil holds.

Californians Jap Economic Problem, Says Stephens.
"I want to be in a position to clearly show the people of the East and Congress itself that in the Japanese in California we have an economic and not a political question."

Gov. Stephens so stated his position last evening, just before leaving Los Angeles for Sacramento, after a stay here of several days, for the purpose of greeting Gen. Pershing and attending to an accumulation of State business.

"I want to be fully fortified with facts and figures," continued the Governor, "and for that reason I am awaiting the report of the State Board of Control, for which I have asked. I believe this report will be ready within a comparatively short time."

"Upon the showing made in that report will depend the determination I shall reach as to whether or not I shall call an extra session of the State Legislature to consider anti-Japanese legislation."

The constant increase in the Japanese population in California has become a matter for serious consideration, and it is, perhaps, a growing menace to the State. Frankly, I have not made up my mind as to the best steps to pursue, and I shall remain open-minded on the subject until I have considered the report from the State Board of Control. I hope to solve the situation not temporarily, but with permanent benefit.

"We must remember that the people of the East, and many members of Congress, look upon the anti-Japanese agitation as merely political; that it is wholly political, and not an economic matter, and that it has been used and is being used so that men may ride into office through its effect. I want to lay before the people and Congress the exact facts as they exist in California. I want to be in a position to present irrefutable statements as to just what is the real situation."

I believe the State, through legislation, can give some relief, but the general settlement of the matter must come through national legislation.

WEINSTEIN'S SUCCESSOR.

LONE BANDIT ROBS MAIL

(BY A. P. NIGHT WIRE.)
OMAHA, Jan. 30.—A lone bandit, armed with an empty automatic pistol, robbed the mail car on Union Pacific passenger train No. 2 of all registered mail this evening, and not through any lapse of vigilance, but through a coincidence.

One of the clerks asked the bandit if this was his first attempt in this line of work.

"Yes, it is," said the man, "and I ever got out of this deal alive I am never going to pull another one."

After robbing the car the bandit climbed out the skylight to the roof. While climbing out he dropped his pistol, which was found to be unloaded.

The bandit is supposed to have got on the east at Fremont and made his way to the mail car soon afterwards. According to statements of the mail clerks, no one saw him enter. Two brakemen said they saw a man drop off the car at the edge of Omaha.

The bandit searched the clerks for weapons. When they had been disarmed the bandit returned to the car.

HARBOR WORK BULKS BIG.

Councilman Wheeler spoke yesterday before the San Pedro Chamber of Commerce, at a luncheon meeting, giving practical information regarding the working of the new city ordinance under which the reworking of oiled and gravelled streets is done by majority petition of the property fronting on such streets, to be paid for by assessment upon such properties, except the street intersections, which are paid for by the city out of its general funds.

In this connection, members of the chamber reported that nearly 100 streets in San Pedro district will be presented by petition for such improvement.

Councilman Wheeler reviewed the great volume of public work for

which proceedings are under way in

the Wilmington and San Pedro districts. The list as presented by Mr. Wheeler showed sewer work under contract, as follows:

Gulf-avenue district, \$255,824; Thirty-seventh-street district, Pacific avenue to Carolina street, \$237,000, or a total of \$492,824.

Plans in preparation: Wilmington sewage disposal, \$135,000; Fourth street, San Pedro, from Pacific avenue to Mesa street, \$15,000; Oliver street district, \$137,500; Gaffney street and Twenty-fourth-street district, \$247,500, or a total of \$461,045.

The summary of street work shows:

Wilmington-Ronan-avenue improvement district, \$40,000; municipal district, \$128,192; Railroad avenue, from S street to Anaheim street, \$79,800.

Pasadena-Alma-street improvement district, \$50,000; Upland-avenue improvement district, \$25,000; Second-street improvement district, \$234,665; Harbor-street improvement district, \$20,000; Walker-avenue improvement district, \$23,000; Sea-side-avenue and Sample-place improvement district, \$65,000; Santa Fe-street and Gaffney-street improvement district, \$20,000; Beacon street, from Seventh street to Eleventh street, \$10,000; Fifth-street and Palms Verdes-street improvement district, \$47,000; Reyer street, from Seventh to Fifteenth streets, \$15,000, making a grand total for street paving in these two districts of \$388,550.

In addition, Mr. Wheeler pointed out, the city has extended the Twenty-second-street outfall sewer in front of the military reservation at Fort MacArthur, a distance of 470 feet at a cost of \$24,477, and the Fifth-street outfall sewer, to deep water, at a cost of \$43,481, and relocated the First-street outfall, at a cost of \$2412, these costs being provided for from the general funds of the city.

AUTO HITS CYCLIST.

Struck from his motorcycle at Pico and Hope streets yesterday by an automobile said to have been driven by G. E. Hillen of 4118 East Eighteenth street, John Hadwood, eighteen years of age, of 333 South Soto street, was injured and his motorcycle wrecked. At the Receiving Hospital Hadwood was found to be suffering from concussion of the brain and serious lacerations of the body. According to police surgeons he will recover.

CARRANZA PROCLAIMS

Efforts to Break Treaty Deadlock Fail

REPORT FROM MEXICO CITY DECLARES PRESIDENT WILL IGNORE ELECTION RESULTS

(BY A. F. NIGHT WIRE.)

SAN ANTONIO (Tex.) Jan. 30.—Declaring he will not transfer the government of Mexico to the Presidential candidate chosen at the election to be held next July, President Carranza has proclaimed himself dictator of Mexico, according to a dispatch from Mexico City received tonight by a Mexican newspaper published here. Carranza also has declared fourteen States whose governors have joined together in a call for a convention to agree on a civilian candidate for the Presidency "to be without the constitutional regime," according to this dispatch.

Previous dispatches from Mexico City have said the governors of the fourteen States likely would favor Ignacio Bonillas for President. Coincident with this reported move on Carranza's part, Francisco Villa has established headquarters at Saltillo, in the State of Chihuahua, and the Carranza government has ordered concentration of Federal forces at Chihuahua city, according to a dispatch from Chihuahua city to the same Mexican newspaper.

This is considered significant by Mexican refugees here, who believe Gen. Alvaro Obregón and Villa are about to unite their forces for a revolution against the Carranza government.

CALIFORNIA JAP ECONOMIC PROBLEM, SAYS STEPHENS.

"I want to be in a position to clearly show the people of the East and Congress itself that in the Japanese in California we have an economic and not a political question."

Gov. Stephens so stated his position last evening, just before leaving Los Angeles for Sacramento, after a stay here of several days, for the purpose of greeting Gen. Pershing and attending to an accumulation of State business.

"I want to be fully fortified with facts and figures," continued the Governor, "and for that reason I am awaiting the report of the State Board of Control, for which I have asked. I believe this report will be ready within a comparatively short time."

Upon the showing made in that report will depend the determination I shall reach as to whether or not I shall call an extra session of the State Legislature to consider anti-Japanese legislation.

The constant increase in the Japanese population in California has become a matter for serious consideration, and it is, perhaps, a growing menace to the State. Frankly, I have not made up my mind as to the best steps to pursue, and I shall remain open-minded on the subject until I have fully considered the report from the State Board of Control. I hope to solve the situation not temporarily, but with permanent benefit.

"We must remember that the people of the East, and many members of Congress, look upon the anti-Japanese agitation as merely political; that it is wholly political, and not an economic matter, and that it has been used and is being used so that men may ride into office through its effect. I want to lay before the people and Congress the exact facts as they exist in California. I want to give some relief, but the general settlement of the matter must come through national legislation."

Regarding the prospects of Los Angeles, securing a State building to house the various State offices maintained in Southern California, said that now have to use rented quarters. The Governor declared himself fully in sympathy with the demand for such a building, but that it would have to come through the medium of a State bond issue, and not through any budget appropriation made by the State Board of Control.

While in Los Angeles the Governor has given considerable attention to the matter of appointing a suc-

GERMANY SOON IN LEAGUE?

Peace Conference will Discuss Proposal; France and Britain Want Her In.

(BY CABLE—EXCLUSIVE DISPATCH.)

LONDON, Jan. 30.—One of the first subjects for discussion before the renewed Peace Conference in London three weeks hence will be the proposal to admit Germany to the League of Nations. The British and even the French feel the League will be incomplete and powerless without her, and it also is felt that admittance will strengthen the hands of the present German government against both the Bolshevik revolution and the League of Nations.

Until that time it is Germany's aim to keep open the way and the door leading to this aim. Minister Erberger has already expressed these hopes at a meeting of the League of Nations, January 19. Mr. Hoover's last statement seems to indicate that also among the Allies the perception is growing that a modification of the treaty in this matter is necessary. Such a change of mind will be acknowledged in Germany with sincere sympathy and satisfaction.

LOWEST DEMAGOGUE IN ENGLAND FED ON HEARST HATE CAMPAIGN, MAKES VILE ATTACK ON AMERICA.

(BY CABLE—EXCLUSIVE DISPATCH.)

LONDON, Jan. 29.—The sensational Journal, John Bull, editor, Horatio Bottomley, M.P., today devotes two pages to a bitter attack on America based upon editorials and "news" articles from the Hearst papers carried here. He says America is hostile to the Allies and only interested in trade profits and that the Allies might as well recognize the fact first as last.

"I'm fed up with Uncle Sam," bold Bottomley pens. "The time has come for plain speaking. The truth is that, throughout the first three years of the struggle with Germany, America waited to see which way the fortunes of war inclined so as finally to come in on the winning side."

Bottomley is the lowest type of demagogue, but his paper has a circulation of over 1,000,000, chiefly among the lowest class of "sports." The point of his attack is that he thinks it would be popular. There is no doubt that the Hearst campaign is creating a bitter feeling among all classes here, who believe it and that it prevents a general American settlement.

The full text of the article by the Demagogue Bottomley referred to above may be found in Hearst's New Angeles Examiner of yesterday's date. There, Bottomley is referred to as a "noted London editor" and "Influential British Journalist."

FAVOR BIG FOOD LOAN TO EUROPE

Republicans Informally Agree on \$50,000,000.

Believe Leading Democrats will Support Action.

Relief for Poland Brings Divergence of Opinion.

(By A. P. Day Wire.)

WASHINGTON, Jan. 30.—Republicans, members of the House Ways and Means Committee in conference late today informally agreed to favor legislation authorizing the treasury to extend additional credits of \$50,000,000 to certain European countries for food relief.

The specific countries to benefit by the food credits will be decided upon at a later meeting of the majority members of the committee. Poland, Armenia and Austria were included in the original proposal of Secretary Glass, since supported in a letter from President Wilson, for credits of \$100,000,000, later reduced to \$125,000,000 by Mr. Glass.

FAVORED BY DEMOCRATS.

After the informal agreement had been reached, Chairman Fordney called a meeting for tomorrow of the full committee to consider final action. Leading Democratic committee members are counted on by the Republicans to support the \$50,000,000, which also has approval of some members of the Republican legislative steering committee.

The agreement among Republican committee members came after an earlier conference with the steering committee, at which varied opinions on the treasury proposal of larger loan authorization was expressed, including opposition to any new loans. Some of the Republicans favored a

larger sum than \$50,000,000, but the majority opinion seemed to support that amount.

While no agreement was attempted at either of the conferences to determine whether the legislation shall specify the countries to receive loans, some effort in this direction may be made at the Ways and Means Committee meeting tomorrow. Proponents of the \$50,000,000 fund suggested that amount primarily to relieve starvation in Austria, to supplement private charity to the Armenians and alleviate distress in Budapest.

Confidential information received by committee members through official channels was understood to indicate that European countries, including France and England, could not be expected to contribute to a relief fund for Austria, their inclination being to help Poland in its fight against the Russian Bolshevik government. Objection to extended aid by the United States to Poland was made by some committee members on the ground that the Polish army is more than 100 miles beyond the nation's eastern frontier.

However, the \$50,000,000 fund is expected to afford some relief for Poland, it being pointed out by those who advocate limiting the relief to certain countries that the requirements for Austria amount to \$20,000,000, for Budapest, \$5,000,000, and Armenia, \$1,500,000 a year.

Beside finally deciding on the amount of the loans, the committee tomorrow must determine the method of administration, the general opinion being that it would be through the United States Grain Corporation, which would be authorized to use its funds for buying food in this country. Profits of approximately \$50,000,000 have been made by the corporation from its European grain sales, according to information given the committee recently by Herbert Hoover.

Retired School Teachers.

It is suggested that retired school teachers be given the right to receive an income guaranteed for life, relieving all worry of old age. The plan is being considered by the Ways and Means Committee.

Some of the Republicans favored a

FARMERS GROW MORE RESTLESS.

(Continued from First Page.)

hundreds of other farmers are doing the same. A. Revere, Missouri man, declared, "the place to start to lower the cost of living is to cut the wages in the city, which have called our farm help there."

His return for last year averaged \$1 a day for himself, a Whitewater, Mo., man said. "I hope soon to see the farmer and consumer going hand in hand. If not, then I am quitting, for one. Work fourteen hours a day for \$1, and let the middleman get the biggest part of it? Not me!"

The tendency away from the farm to the city was blamed for the high cost of living by another Middle Western farmer.

"I attribute it a great deal," he wrote, "to the good times in the city. The young men can go to the city and get big pay for eight hours' work, while farmers have to work fourteen to sixteen hours a day at hard labor. All of the young men in this vicinity of any account go to the city, and there are only a few old men left to farm."

In another letter the writer says that while the farmer has to take what the commission man and retailer will pay him for his product, he is compelled to pay whatever the dealer asks for his clothes, farm machinery and other necessities.

"If you would reduce the cost of living," another farmer said, "curtail the possibilities which are afforded capital to hoard and profiteer under false legislation—then efforts will produce results."

PHOENIX HOSTS HAIL PERSHING.

General Meets Children of Apache Comrades.

Prize Baby of Arizona Gets Kiss for Remembrance.

Favored Ones of Red Cross Dance with Him.

(Exclusive Dispatch.)

PHOENIX, Jan. 30.—The high light of the reception was the review of a composite group that filed across the big platform at the City Hall plaza at the conclusion of his speech.

Hundreds of former soldiers whose insignia was given accurate scrutiny and whose wound stripes were commented upon, greeted the general. There was a step of several minutes for the presentation of the mother and father of Corp. John Pruitt, who died gallantly in France, and to whom was awarded posthumously a Congressional medal.

There were former soldiers of American, European, Mexican, Indian and Chinese ancestry in the lines. Some of the Indians were children of Apaches with whom Pershing had fought when in the cavalry in the Southwest. He was gallant to the nurses and Red Cross women who had been abroad, each being asked for details of her service. One said she had been kissed by the general when she was a child. He offered promptly to give an encore. He did kiss Virginia May McCoy, judged the prize baby of Arizona at the last State fair.

make any counter-proposal. I suggested that we try to agree on a way for taking up the treaty in the Senate, but Senator Lodge did not want a meeting on that subject. So we are going to proceed to call it up."

To this, Senator Lodge had nothing to add, nor would he indicate what his attitude would be on a motion to bring the treaty before the Senate. In his statement reviewing accomplishments of the committee, however, he set forth at length his reasons for refusing to compromise on Article X, and the Monroe Doctrine.

"Speaking for myself alone," said the statement, "I have only this to say, that I was unable to agree to any change in reservations Nos. 3 and 5, dealing with Article X and the Monroe Doctrine. In my opinion, the one mentioned in the treaty, that we should assume no obligation of any kind under Article X, except the one mentioned in the treaty, that we should ourselves respect the boundaries of other nations, cannot possibly permit of change."

The change proposed in reservation No. 5 in regard to the Monroe Doctrine was an absolutely vital one, because it was asserted as an official interpretation by the representatives of Great Britain that the Monroe Doctrine under the treaty was to be interpreted by the League.

To this, for one, could never assent, and in view of the statement made in Paris by the British delegation to which I have referred, regard the line which it was proposed to strike out as absolutely necessary.

"The United States has always interpreted the Monroe Doctrine along the line of the League of Nations, and in view of the statement made in Paris by the British delegation to which I have referred, regard the line which it was proposed to strike out as absolutely necessary."

Senator Lodge's statement reviewing the work of the bipartisan committee said:

"For the past two weeks nine Senators—five Democrats and four Republicans—have been meeting to consider the question of changes in the reservations adopted by the Senate before adjournment of the last session of Congress, commonly known as the Lodge reservations."

The Senators, who thus met did not constitute a committee. The meetings were informal and it was understood at the outset that they had no power or authority to bind anyone. Their only purpose was to see whether there were any changes they may be able to lay before all the other members of the Senate for their consideration, no final agreement to submit any changes to their colleagues in the Senate was reached. Some tentative agreements were obtained. Reservations three, eight, twelve and thirteen were tentatively accepted by all without change. It was tentatively agreed to submit the following changes to all the other Senators for their consideration:

"RESERVATION TWO.—The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere in controversy between nations—whether members of the League or not—under the provisions of Article X, or to employ the military or naval forces of the United States under any article of the treaty for any purpose, unless in the case of a League of Nations, or to authorize the employment of the military or naval forces of the United States, shall by a joint resolution, so provided, be authorized."

"RESERVATION THREE.—The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere in controversy between nations—whether members of the League or not—under the provisions of Article X, or to employ the military or naval forces of the United States under any article of the treaty for any purpose, unless in the case of a League of Nations, or to authorize the employment of the military or naval forces of the United States, shall by a joint resolution, so provided, be authorized."

Two Hours' Strenuous Wrestling Win World Championship Title for Nebraskan Marvel

JOE STECHER IS CHAMP MAT MAN

Defeats Earl Caddock After Two-Hour Session.

Takes World's Championship Before Capacity Crowd.

Both Show Scientific Work Throughout Bout.

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 30.—Joe Stecher of Nebraska tonight won the heavyweight wrestling championship at catch-as-catch-can by defeating Earl Caddock of Iowa with a body scissors and arm-lock, after more than two hours of wrestling.

Madison Square Garden was thronged to its capacity tonight when Joe Stecher of Nebraska met Earl Caddock of Iowa in an endeavor to wrest from him the title of heavyweight wrestling champion. Referee George Bothner started the bout at 8:15 o'clock.

ADVANTAGE. Stecher had the advantage in height and was seemingly about twenty pounds heavier than Caddock. Both were very cautious at the start, and for ten minutes simply pawed each other's neck and shoulders.

After wrestling thirty minutes, Stecher threw Caddock to the mat with a side trip and pounced on top, trying for a body scissors. Caddock twisted out of tight quarters and regained an even position.

Five minutes later Stecher went down in an attempt for a leg hold, but Caddock could not keep him down, and both were on their feet again in less than a minute. Stecher then got Caddock underneath with a side roll, but was unable to get any advantage. A forward body hold was equally unavailing, and both were on their feet after fifty minutes had elapsed.

An attempt for a body scissors was made.

STANFORD TEAM BEATS WASHINGTON.

(BY A. P. NIGHT WIRE.)

STANFORD UNIVERSITY (Cal.) Jan. 30.—Stanford's basketball team won a victory away from the Washington State College five here tonight in the last minute of play, a goal from the center court by a forward making the final score 30 to 28.

Washington State led up to that point the first half ending 12 to 10 in their favor. The teams will play again here tomorrow night.

The Stanford freshmen defeated Oakland Technical High School 19 to 9 in a preliminary contest.

ST. LOUIS OUTFITS TO CLASH IN APRIL.

(BY A. P. NIGHT WIRE.)

ST. LOUIS, Jan. 30.—The St. Louis Nationals and Americans will play their annual spring series, April 2, 4, 6, 8, 10 and 11, it was announced tonight. If a seventh game is necessary, it will be played April 12.

MOTOR THIEVES BACK TO WORK.

The following automobiles were stolen in Los Angeles yesterday: Dodge 1915 touring, black, 436092; Moon 1919 touring, black, C295; Buick 1916 touring, black, 73436; Oakland 1913 sedan, black, 240716; Ford 1916 speedster, green, 19645; Henderson motorcycle, 1919, 4383; Harley-Davidson 1920, M.M.M. 287. Persons seeing any of these cars are requested to report same to Ervin, Hickok or Rose of the Auto Club theft bureau or to police officials.

Stecher, with Caddock underneath, was followed.

The expiration of one hour both men were on their feet. The perspiration was dripping from them, but neither showed any sign of weakening.

FUTILE EFFORT. Stecher picked up his opponent bodily and threw him to the mat for another futile effort to obtain a body scissors. Again Caddock's wonderful dexterity came into play and he resumed upright positions. They had been wrestling seventy-five minutes when Caddock called away from another scissors attack and electrified the crowd by a double foot hold from behind which saved him an aggressive position.

They had gone ninety minutes when Stecher secured a headlock out of which Caddock squirmed. Caddock gave a wonderful exhibition of defensive tactics in preventing Stecher's persistent attack, which lasted fully three minutes.

In another leg hold, Stecher showed his strength by lifting Caddock bodily while in a kneeling position. The match had then gone one hour and forty-five minutes.

Stecher secured a body scissors and wristlock, after Caddock broke the double hold and regained an even position.

Stecher then got Caddock underneath with a side roll, but was unable to get any advantage. A forward body hold was equally unavailing, and both were on their feet after fifty minutes had elapsed.

ESSICK EXPECTS A TIGHT RACE.

Thinks Coast League will be Stronger this Year.

Predicts Average of Winner not to be Over .580.

Looks for Portland and Seattle to be Strengthened.

(BY HARRY A. WILLIAMS.)

Bill Essick foresees trouble for himself.

Bill is a man who holds no illusions as to the state of the league in the offing is perfectly frank in admitting as much. Neither does he steer a course to starboard of a bunch of trouble. Instead, he goes out to meet it half-way.

And neither is he pessimistic in the hour of trial. Trouble to him is the same as meat and drink, and apple pie is a la mode to some people.

Bill's impending troubles lie in the zone of the Coast League, being bounded on the north by Seattle and on the south by Los Angeles.

TICKLING IVORIES. Yesterday Mr. Essick was approached in the act of tapping out sweet music on a bow-legged baby grand piano, which will soon be large enough to walk. He politely stopped the glad noise he was making with the tips of his fingers and both thumbs long enough to say that he expects a rough fight this year with slaughter-house trimmings.

He simply meant to convey the idea of a warm battle according to the rules of civilized warfare.

"From what quarter do you expect the most severe competition this year, Mr. Essick?" we inquired of the highly-polished and well-oiled musician in a friendly way.

"From all four quarters," responded Bill.

SETS STEADY IN BOAT. Apparently Mr. Essick is expecting them to close in on him. When competition comes in from four quarters it results in sort of a cyclone, and in his mind's eye, Essick sees himself the center of this cyclone. But he contemplates the impending catastrophe calmly.

"I fail to see any soft spots anywhere," continued Bill. "The field will be so strong that it is unlikely that any club will show any average of .500 at the finish. Last season two teams, the Portland and Los Angeles—finished above the .500 mark. The club which wins the 1920 race will not finish above .575. .580, in my opinion, the way things are shaping up. This will be brought about by the strength of the eight clubs.

"Last season the Tigers and Angels had rather a good season. They were in the first year out and was common prey for both teams. Portland didn't combat the trouble. Several of the other teams failed to make a strong bid for mid-summer. In fact, as you recall, Salt Lake was the only team conceded as much as an outside chance against Vernon and Los Angeles two months before the season closed.

CLUBS STRONGER. "But the clubs which fought it out last season for the championship will face an entirely different situation in the coming race. Seattle is bound to be stronger. Stags have already been taken which will improve the club, and the owners will spare no expense. Portland also will have a much better club. I think the men received along from Detroit will make the Beavers. When in the East, after looking over the material, I was forced to the conclusion that the Detroit team has reserve list more class A material than any other team in either major league. The McCredies have first call on these.

"San Francisco is prepared to spend a lot of money for talent, and will have a good club if coin can turn the trick. Oakland is rebuilding. The Athletics are strong, and the new Sacramento owners, according to reports, have a much money that it troubles them. Also, they are sportsmen who won't tolerate anything short of a contender.

PITCHER BETTER. "Salt Lake has all the players who put it in the fight last season. Some of these figures to be better than they were a year ago, and deals which are calculated to strengthen the Bees have been made or are contemplated.

"As for the Angels—well, they have been showing us ever since I have seen them. They are sportsmen who won't tolerate anything short of a contender.

MARK ARIE LEADS THE TRAPSHOOTERS.

(BY A. P. NIGHT WIRE.)

HOUSTON (Tex.) Jan. 30.—Mark Arie of Thomasboro, Ill., high-average champion of the United States, led the shooters in the Sunny South trapshooting tournament here today, with a score of 195.

C. G. Spencer, St. Louis; P. B. O'Brien, Butte, Mont.; and J. Jennings of Richmond, Va., were the second, third and fourth place, with scores of 182.

Frank Troch of Vancouver, Wash., and R. D. Morgan of Washington, D. C., broke 194 targets, for a third-place tie.

Spencer was high professional, with a score of 195. All today's matches were for 295 targets.

MASON TO MEET WILDE FOR TITLE.

(BY A. P. NIGHT WIRE.)

TOLEDO (O.) Jan. 30.—Jimmy Wilde, the British champion, and Frankie Mason, of Fort Wayne, Ind., have been matched for a twelve-round bout in Toledo the last part of February for the flyweight championship of the world, according to a telegram received late this afternoon from Ad Thacher, who went to Milwaukee several days ago to obtain the signature of Wilde's manager to a contract.

have a battle every foot of the way, and it will be an acid test on the mettle of every club.

So saying, Prof. Wilde wheeled around on his piano stool with the even balance to be seen only in piano players and tight-rope walkers, and proceeded to pick harmonious notes on the keys of the instrument with his highly-trained fingers.

WEAR AND GOULD WIN AGAIN IN DOUBLES.

(BY A. P. NIGHT WIRE.)

PHILADELPHIA, Jan. 30.—J. W. Wear and Jay Gould, Philadelphia, defeated Cray Roberts and Charles E. Bromley, also of Philadelphia, in the semifinal round of the national amateur racket doubles championship, here, today, by the score of 15-5, 15-5, 15-5, 16-14.

Wear and Gould will meet Pell and Mortimer for the title tomorrow.

In the other semifinal match, O. Pell and Stanley Mortimer, New York, triumphed over F. P. Freeling and R. F. Curing, also of New York, 15-5, 15-7, 15-8, 15-3.

PITCHER MITCHELL TO REPORT THIS SPRING.

(BY A. P. NIGHT WIRE.)

PORTLAND, Jan. 30.—Pitcher Mitchell will probably sign with Vernon again.

"Wee Willie" Mitchell will be all probability be back in a Vernon uniform this season.

That statement won't surprise a lot of people, simply because they never heard that Mitchell had intended to retire.

The shock comes in learning that Willie had contemplated any such thing. Unlike the average athlete, Mitchell didn't trumpet his intentions. At the time he was in the confided in Bill Essick that he probably would be his last year in baseball. No publicity was given the remark.

As Mitchell is not given to much conversation, Essick rather thought that the pitcher would stick to his decision. However, something seems to have happened to make Mitchell change his mind. Essick has had no word from him directly, but he has received a letter from Tommy Long.

In the epistle, Tommy states that he has had a talk with Mitchell in the South, and that the latter told him he probably would be back with the Tigers.

CHICAGO SCHOOLS TO HAVE ATHLETIC LEAGUE.

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 30.—A public school athletic league for the children of Chicago, modeled along the lines of the school organization in existence in this city, was launched at a special meeting of Chicago and New York athletic authorities here today. The conference was accepted as being the forerunner of similar action in other cities of the leading cities of the country, with the idea of improving the physical education of school children.

COASTERS WALLOP GRINNELL COLLEGE.

(BY A. P. NIGHT WIRE.)

GRINNELL (Iowa) Jan. 30.—Washington University defeated Grinnell College, 28 to 26, here tonight in a five-minute overtime Missouri Valley conference basketball game.

A large crowd packed the Los Angeles Athletic Club gym and the rival rooting sections were on their toes during most of the conflict.

Glen Whittle took his life in his hands and did the heavy refereeing.

The line-ups and points scored: Occidental, 28; Grinnell, 26.

DRAW DECISION IN MAIN EVENT.

Caldwell and Jordan Split Even at Vernon Arena.

Burrows Hangs it on Booker in the Semi-Windup.

Fight Bill is Best Dished up for Many Moons.

(BY ED O'MALLEY.)

Fistiana scored a ten strike at Jack Doyle's pavilion last night. It was agreed on all sides that the six bouts singly and collectively were the best by far that had ever been given at the famous arena. Ferried action was the watchword through the entire evening's performance, and in most instances the vast crowd was on its feet shouting itself hoarse.

Sailor Burrows, the gob fighting demon, gave the greatest demonstration of real, never-any-die fighting ever seen in the history of the world. He hooked up with Wild Bookie (colored) in the semi-windup, and from going to going carried a current of blood and body and sent the sailor around considerably.

The two kept up a sturdy cannon-ade of blows throughout the four rounds, with the fortunes of war veering first one way and then the other. At times it looked as if round five would be a real one.

In the other drop from exhaustion, they managed to stick with it to the end. In the fourth round, however, Burrows' savior and tenacity failed to assert itself, and he had Booker in a pretty bad way when the song sounded. He was awarded a decision and a deafening applause.

In the main event Walter Caldwell and Cliff Jordan split the four rounds. Each boxer opened the fight with a series of blows, and the fight was a close one.

KILBANE AGREES TO BOX VOLGER.

(BY A. P. NIGHT WIRE.)

CLEVELAND (O.) Jan. 30.—Johnny Kilbane, featherweight champion of the world, has signed to meet Benny Volger of New York in an eight-round bout at Newark, N. J., February 14. Volger is to weigh 124 pounds at 3 o'clock. Kilbane will box at catchweights.

KEEL CLUB TAKES WATER POLO GAME.

(BY A. P. NIGHT WIRE.)

Water polo was the order of things at Bimini Baths last night when the Keel Club of Long Beach defeated the Bimini Swimming Club, 5 to 1. Superior teamwork marked the contest out of the pond for the beach squad.

Meritt Leach, the 7-year-old marvel of the L.A.A.C., gave an exhibition swim, traveling the length of the pool with his hands tied. A clash between four-man relay teams resulted in a win for Bimini.

WHITE'S BASKETBALL OUTFIT SHOWS CLASS.

(BY A. P. NIGHT WIRE.)

Coach White's basketball outfit put Jefferson to sleep yesterday afternoon, 26 to 6. The Los Angeles High aggregation had things their own way from the start of the contest. This gives L. A. four straight wins and puts them up at the top of the state in the city class.

The L. A. 130 and 110-pound teams didn't fare too well as their side brethren. Jefferson took both of these outfits into camp, 12 to 10 and 10 to 8, respectively.

CAL DELANEY HAS EDGE ON CLONIE TAIT.

(BY A. P. NIGHT WIRE.)

MINNEAPOLIS (Minn.) Jan. 30.—Cal Delaney of Cleveland out-fought Clonie Tait, lightweight champion of Canada, in a hard-fought bout here tonight. In the semifinal Carl Leonard, New Richmond, Wis., fractured his left arm in the sixth round and was shaded by Tommy Barons, St. Paul, light-heavyweight. Andy Schmalzer of Omaha, although outweighted fifty pounds, defeated Farmer Lodge, the "Wisconsin mammoth."

TO INCREASE PREMIUMS ON AUTO INSURANCE.

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 30.—Sharp increases in premiums paid by automobile owners for insurance against theft and accident are to be announced shortly by the eastern conference of the National Automobile Underwriters. It was stated today in insurance circles. The underwriters were said to be wavering between an increase of 40 per cent and one of 50 per cent.

JACK BRITTON IS AWARDED DECISION.

(BY A. P. NIGHT WIRE.)

SAYANNAH (Ga.) Jan. 30.—Jack Britton, world's welterweight champion, was given a referee's decision over Jimmy Conway of Savannah at the end of a twelve-round bout here tonight. Britton had the better of his opponent at all stages of the bout.

"Duffy" Lewis is thinking better of quitting baseball and from his home town in California issued a statement that the acquisition of "Babe" Ruth should fetch the pitcher a pension. Now Lewis intimates he will sign.

"Hank" Gowdy has returned his contract unsigned to the Braves. Manager Stallings wanted him to take a reduction in salary. Gowdy replied he would rather remain in business in Columbus, O.

The Cardinals have sent Jake Miller to the Wichita Falls club of the Texas League.

KANSAS GOES DOWN.

(BY A. P. NIGHT WIRE.)

COLUMBIA (Mo.) Jan. 30.—Missouri University's basketball quintette defeated the Kansas Agricultural college five, 21 to 19, in a fast Missouri Valley conference game here tonight.

CHICAGO WINS GAME.

(BY A. P. NIGHT WIRE.)

CHICAGO, Jan. 30.—Chicago defeated Ohio in a western conference basketball game tonight, 46 to 22.

MOUNT PICTURE STUDIO HEADS

Mayo and Lester Clark Sought with Warrants.

Failed to Pay Salaries, Say Players of "Life."

Mayo and Lester Clark, who were sought by the police for failing to pay salaries to the players of the Mount Picture Studio, were sought with warrants.

LEAPS TO LAWN WITH HIS LOOT.

Thief's Extraordinary Getaway When Trapped on the Second Story.

Leaping from a second-story window after throwing his loot out on the lawn a burglar escaped from the residence of Mrs. C. E. Glinville of 524 North Avenue 46, late yesterday afternoon as Mrs. Glinville walked in the front door. She called out. The burglar, who was ransacking the upper rooms, hurled his loot through the window and then sprang out himself. He was uninjured by the fall, and escaped.

ROBINSON HEAD OF TWO BANKS.

Is Made President of First National, L. A. Trust.

Jess and Drake Leave Posts Because of Ill Health.

Noted Pasadena in Office on Release by Government.

Henry M. Robinson, banker, financier, member of the U. S. Shipping Board, member of the National Council of Defense during the war, special commissioner for the Shipping Board at the Peace Conference, a director of the Federal Reserve Bank, internationally recognized as a great organizer and a dominant figure as a man of affairs, has been elected to the merged presidencies of the First National Bank and the Los Angeles Trust and Savings Bank, whose combined resources exceed \$100,000,000 and make the post one of the most important financial leaderships in the United States.

FORGIVING :: WIFE :: NOW :: OBDURATE.

Bandit's Plea Reveals Tale of Heiress's Shattered Romance.

Mrs. Gwendolyn Marie Booher Graney.

DONALD C. Graney, bandit-husband of Mrs. Gwendolyn Marie Booher Graney, Oklahoma oil heiress and former student at the exclusive Girls' Collegiate School here, faced Judge Willis, yesterday, with a unique plea for another chance, as both a convicted man and on a charge of violating his probation in an auto-theft case.

TO QUASH GORMLEY DECREE

A motion to set aside the decree of divorce obtained by James J. Gormley from Mrs. Ramona Pinkney Gormley, a few days before he married Miss Helen Kelly, niece of John F. Powers, here, was filed in Las Vegas, Nev., yesterday, according to information received at the offices of the Nick Harris detective agency by William G. Hanson, general manager of the agency, from Mr. Harris personally.

CENSUS HELP IS DIRE NEED.

Third of City Yet Untouched by Recheck; Commerce Chamber Wants Workers.

Unless full co-operation of the community is secured during the next three or four days for the Chamber of Commerce recheck of the census, Los Angeles is going to suffer severely during the next ten years.

CENSUS REPORT BLANK.

(Use this blank if you yourself or anybody you know has not been included in the city census, to the best of your belief. Do not send in the blank unless the uncounted person resides INSIDE the city. If you have no missed names but your own to report, merely fill out the lines below the words, "reported by." Mail the blank, when filled out, to the Chamber of Commerce.)

FILM BANDITRY NEAR FADE-OUT.

Oklahomans Backing Bill to Put Dimmer on Crime.

Local ex-Outlaws Hard Hit by Plan of Lawmakers.

Al Jennings Declares it is Personal Slap at Him.

Such reformed bandits as are pleasantly and profitably engaged in sham crime before the motion-picture camera here and elsewhere will be hard hit in the artistic ganglia, not to mention the pocketbook, if the national Congress makes law of a bill recently presented by Congressmen from Oklahoma.

NAVAL GUNS ROAR AT SEA.

Idaho and New Mexico Have Top-Loaded Target Practice.

After several days' delay, due to fog, the dreadnaughts New Mexico and Idaho of the Pacific Fleet spent several hours, yesterday, firing at moving targets in the Catalina channel. Today the battleships Mississippi and Texas will have target practice at 11:30 o'clock, at a towed target, about ten miles off the San Pedro light. The New Mexico began firing at 1 o'clock. Details of range and hits are withheld by the censor.

PAYLESS PLAYERS STORM STUDIO.

(Continued from First Page.)
This date December 19, 1919, between Lester Clark of the California Studio and Clair E. Smith, whereby it is understood that said Clark, who is to be employed by the California Studio and to be paid salary as follows: Said Clark is to receive an equal amount of money as salary, according to percent, that is money made or collected from the sale of this said film, "Life," shall be divided. Money to be divided after entire film is completed and sold. Signed, Lester Clark, California Studio.

Mr. Sandstrom says all he received in the way of instruction was for three lessons in facial make-up, and he was given to understand no experience was necessary.

Deputy Commissioner Cable says when Clark applied for a license to conduct a trade school he showed bank books which indicated he had about \$3500 on deposit and was able to pay any expenses incurred in conducting the business.

GENERAL INQUIRY.
Deputy Epstein says he has located another motion-picture trade school which advertises that no experience is necessary and appears to conduct its business about as the California Studio did.

This concern, he states, requires a deposit of \$50 as a guarantee that the actor won't quit the picture, and agrees to refund the \$50 at the end of ten days, this allowing the player a chance to secure some schooling, after which he is supposed to be paid \$10 a day when he works in a picture.

Mr. Cable announced yesterday that he intended to conduct an investigation of all the motion-picture employing offices in the city.

EARLIEST PIONEER DIES AT ONTARIO.

(LOCAL CORRESPONDENCE.) ONTARIO, Jan. 30.—With more than fifty descendants, including children, grandchildren, great grandchildren, in attendance, the funeral of Justo Balles, said to be the earliest pioneer of this section, who died yesterday in the Cucamonga district, was held here today from St. George's Catholic Church.

Mr. Balles had made his home in this section for more than fifty years, coming here from Mexico. His death occurred at the home of his son-in-law, Andrew Moreno, in North Cucamonga, and was due to apoplexy. His age is said to have been nearly 90. The Rev. James Martin officiated at the funeral and interment was in Bellevue Cemetery.

UNDER A NEW LAW.

(LOCAL CORRESPONDENCE.) REDONDO BEACH, Jan. 30.—The first arrest in the State since the passage of a law by the last Legislature prohibiting fishing with seines within 750 feet of any pier was made here today. Constable John V. Henry took two Japanese into custody, who, it is said, were within 200 feet of the pier.

Indignation at the part of sportsmen who fish from the pier with hook and line ran high at the time of the arrest. The men were released on bonds to appear for trial in the court of Justice of the Peace W. M. Browning, Monday morning.

The fishermen are the owners of the launch Washington, of San Pedro, and at the time of the arrest had twelve tons of sardines on board. The run of fish here today has been the biggest in months.

BUILDING BOOM.

(LOCAL CORRESPONDENCE.) LOS ANGELES HARBOUR, Jan. 30.—Following agitation of several months by the San Pedro Chamber of Commerce, and other organizations, building is beginning to show good gains for the harbor district. Building permits issued in San Pedro in the present month have surpassed the total valuation of permits for the last two years, the figures being as follows: January, 1918, \$96,410; January, 1919, \$99,583; January, 1920, \$124,310.

Mayor Withdraws from Bond of Police Chief.

SCHOOL PAGEANT.

(LOCAL CORRESPONDENCE.) REDLANDS, Jan. 30.—More than 300 of the children of the intermediate schools here appeared this afternoon in "Robin Hood," the first outdoor pageant given by the schools.

It was given at the amphitheater and proved an interesting attraction for the many tourists who are in Redlands now.

All the leading characters of Robin Hood were impersonated, including Long John, the Friar, the Sheriff of Nottingham and others. Incidents which made Robin the best-beloved outlaw of all times were included in the play.

In the letter to the City Council of Imperial and Calexico, the committee said that the conditions were known to the police.

"Their apparent failure to cope with the situation, their acquiescence to the violation of law, their disregard of their oath and the undeniable proof that they were not only receiving bribes, but were encouraging and protecting prostitution, gambling, bootlegging, etc., the committee of 100 requests that you immediately demand the resignation of your entire police force, and failing to receive the same, that you declare their offices vacant, in order that the city of Imperial may be put in a proper light as speedily as possible."

The committee asked that the City Council inform the public of their action through the newspapers.

W. E. Vanway, City Clerk, attached his name to the bond of Chief Hill after the Mayor had withdrawn. Mr. Watkins objected to the treatment accorded Hill after the grand jury had requested his suspension. He said: "Within an hour the District Attorney had him arrested and placed his bond at \$100. This was not upon a grand jury indictment, but upon a complaint sworn to by a deputy sheriff before a justice of the peace. This, in my opinion, was unreasonable and unjust."

He also explained the pressure from the committee of 100 had caused him to withdraw from the bond, although he has implicit confidence in his innocence saying, "after repeated requests by the committee of 100 which is composed of some of the very best men in Imperial County and only upon their statement that it was of great importance to the great work of cleaning up the vice and crime in the valley, that, and the fact that another party had offered to go on the bond of Mr. Hill, I consented to withdraw."

A second raid at Calexico resulted in four more being caught in the drug net.

COW WAS WALKING HARDWARE STORE.

(LOCAL CORRESPONDENCE.) PORTERVILLE, Jan. 30.—Emma, the family cow belonging to Mr. and Mrs. T. L. Closs, residents of the Poplar district west of here, suddenly developed a perverted appetite. Her fondness for strange diet caused her death. An autopsy revealed in her stomach nearly a handful of small nails and a small coil of barbed wire.

RAISE BRIDGE FUND. Citizens Contribute Money to Aid Depleted Town Treasury.

(LOCAL CORRESPONDENCE.) PORTERVILLE, Jan. 30.—Because the city finances for the year 1920 did not provide a special fund for the purpose, the residents of the Cherry-street section, near the western city limits, raised the money necessary for construction of a bridge over Porter Creek by popular subscription. The money has been deposited in bank and the committee in charge advised the City Council that the fund was subject to their order. The city officials are expected to pass resolutions authorizing the City Engineer to draw the necessary plans and proceed with construction.

FLU CLOSES THEATERS.

(LOCAL CORRESPONDENCE.) TULARE, Jan. 30.—Acting on the advice of Dr. J. B. Rosson, the chairman of the City Board of Health, Tulare theaters have closed until further notice. Dr. Rosson declared in a public statement that the influenza menace "is dangerous." He added, "there is no use of beating about the bush and assuring the people there is no danger."

All the theaters declared that they can do so to remain at home and, above all else, to prohibit as far as possible public gatherings of every kind.

Just a Few Reasons
WHY You Should
Acquire a

"Home of Your Own"

—Experts say the demand, for a long time to come, will far exceed the supply.

—Also, in their opinion, building materials will not come down—indications to the contrary are that there will be a rise.

—Present high rentals probably have no precedent. If you build a home to live in you will save a great deal of rental money. If you build for investment, the interest on your investment will be much greater than the same money can possibly earn in other channels.

Has Advantages as a Family Place.

This attractive design for a two-story home suitable for the average family was prepared by the Lumbermen's Service Association, room 609, Pay Building. While this plan primarily is intended for frame construction, it also may be constructed of either brick or hollow tile, adding slightly to the cost. It may be nicely set off with a red brick chimney and a brick wall leading to the porch. Such a building as this is always more attractive when the site is terraced and the dwelling well back from the street.

CONTEST IS ON ONE WEEK.

Crush of Letters Calls for More Time to Decide the Winners.

Owing to the great number of answers received by The Times in connection with its "Why I Should Own My Home" prize-letter contest, and because the Contest Committee desired to give these letters an intelligent and careful rather than a hurried examination, it was decided to postpone the announcement of the prize winners for one week. This will mean that the official announcement, in which the names of the twelve lucky winners will be given, will be printed next Saturday, February 7.

The committee of three judges—including a lawyer, a business man and an editor—completed the examination of a great number of the communications this week, but it was found upon surveying the whole number that many contained points of merit entitled to consideration. It was agreed, therefore, that the contest should be extended for one week, so that the contestants themselves better satisfied if ample time were given the reading of the letters.

The Times and its committee are entirely satisfied with the results of the contest, and the merchants and others who have contributed prizes feel highly pleased at the public interest in the contest. Seldom has keener interest developed in an affair of this kind, and perhaps never were letters written more earnestly or with a clearer grasp of the subject. Before the contest was well launched it became manifest that the subject of home ownership was one which strongly gripped the public mind. The prizes which are offered in this contest are as follows:

ASK EXTRA GUARD FOR NEW

Mrs. Lillie M. Burger, mother of Harry S. New, Jr., who was convicted of second-degree murder for the slaying of his sweetheart, Freda Lesser, will ask for extra guards to protect New on the way to San Quentin, she said yesterday.

"It was on my initiative that no stay of execution of sentence was asked," said Mrs. Burger. "I did not want them to argue for a retrial, but the fight on the appeal will be made with every effort we can put forward. I wanted Harry to go to State's prison rather than stay here, because he gets no sunshine in this jail. I do not believe that he, his sister, Miss Edna Clancy, nor myself could stand another trial without breaking down. My daughter has stood the test so far, but has lost much weight. I would rather that he go to prison than to an asylum."

"When the argument was being made in the court, I asked for guards for protection, and I shall when he goes to San Quentin. And I shall go on the same train he does."

"I want to say that Harry had nothing whatever to do with any attempt of prisoners to get out of jail. He would not have gone if the doors were opened for him."

WILL NOT SET ASIDE BURGER INDICTMENT.
BUT COURT TAKES DEMURRER IN CONTRIBUTING CASE UNDER ADVISEMENT.

Denying a motion to set aside the indictment against Charles H. Burger, County Civil Service Commissioner, accused of offenses against three youths, Judge Willis yesterday took under advisement a demurrer to the indictment, which was made by John L. Richardson, of defense counsel, that a grand jury has no jurisdiction to indict for a high-grade misdemeanor. He said the defendant of the right to cross-examine the youths in a preliminary hearing in the juvenile court.

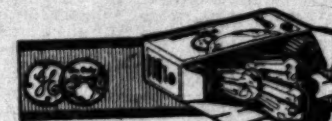

After a long argument on the motion to set aside the indictment, covering points of law brought out by Byron Hanna, of Fredericks and Hanna, of counsel for the defense, and by Deputy District Attorney Stafford, for the State, the motion was denied. The case was continued until Friday.

Wood-lath could never stand this test -

Wood lath is highly combustible and today's high prices have robbed it of its one advantage—slightly cheaper first cost. Nowadays builders who demand the very best construction at the lowest cost invariably choose Buttonlath. Buttonlath is a tested fire retardant, a perfect insulator, non-conductor of heat and cold and is one perfect plaster base that absolutely prevents checking and plaster cracks. And yet, Buttonlath construction costs no more than ordinary wood lath. When you build—specify Buttonlath.

NEW YORK STOCK EXCHANGE FINANCIAL AND TRADE REVIEW.

(BY A. P. NIGHT WIRE.)
NEW YORK, Jan. 30.—A 30 per cent. call money rate, the highest so far this year, and continued weakness of foreign exchange were the dominant factors of today's extremely dull stock market.

These developments exerted only a negative influence, however, gauging in several instances of substantial proportions exceeding losses at the market's firm close, despite renewed pressure upon speculative issues.

The 20 per cent. rate did not become operative until the final hour, when the belated demands of borrowers to carry over the week-end were especially urgent. Most of the money was placed at 12 per cent., a 14 per cent. quotation ruling at the close.

United States Steel again fluctuated within fractional limits, but kindred shares and their equipment registered gross gains of 3 to 5 points.

Motors and accessories also improved, although subject to minor fluctuations and shipping denoted steady, if moderate, accumulation.

High-priced oils were handicapped by further offerings of lesser Middle States and Sinclair, and to activity of pools. Occasional inquiry for investment rails was moderate assistance to transportation as a whole, but final changes were trivial. Sales amounted to \$25,000 shares.

Lower tendencies again prevailed in the bond market, underlying utilities reacting at 18 to 20 points. Liberty Bonds and associated foreign issues also yielded moderately, \$15,250,000.

Old United States bonds were unchanged on call. Mercantile paper, unchanged. Sterling, demand, \$3.49; cables, \$3.50. Time loans, strong; all dates, 1-2.

Call money, strong; high, 20; low, 12; ruling, 13; closing bid, 15; Bar silver, \$1.34 1-4. Mexican dollars, \$1.03 1-2.

LONDON, Jan. 30.—Bar silver, \$4 1-4 per ounce. Money, 3 1/2 per cent.

The Type of
Homes Being Constructed
at West Adams Place

The Standard of Prices at
Victor Girard's West Adams
Place Is Based on the Cost of
Lumber and Other Materials

**PURCHASED
6 MONTHS
AGO**

—Not on Present Costs

It has been necessary to advance the prices of a few homes in West Adams Place, because they are being constructed of materials bought at present costs. However, most of the homes under construction embody lumber and materials bought six months ago.

Since that time lumber, plumbing and electric supplies have advanced 25 per cent. The cost of hardware has doubled. Any of these homes, if purchased at a price based on present lumber and material costs, would call for an expenditure of from \$500 to \$800 more than we are asking.

Free Auto Excursion

Bus Leaves 507 South Olive Street Tomorrow, 11 A.M.

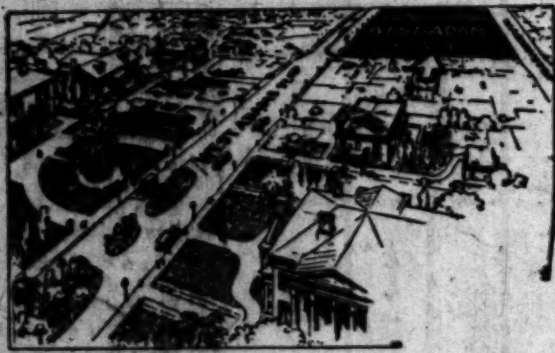

Free Luncheon specially prepared by the Russian Tea Room.
No lecture. Other Excursions Wednesday and Friday.

Visit West Adams Place tomorrow. The monthly payments on a West Adams Place home are not one cent more than you would pay in monthly rent for the same advantages in a city apartment or flat.

West Adams Place is located on West Adams Boulevard and on a five-cent car line. City conveniences (water, gas and electricity). Parcels range from \$800 up. To aid in financing extensive improvements, now under way, 30 per cent will be deducted for cash, and 20 per cent for 10 per cent down. This brings the price of a good lot down to \$650. Unusually attractive homes on small monthly payments the same as rent.

THWART PRISON DELIVERY PLOT.

Fourth Attempt of Harris to
Escape Blocked.

Key and File Found in Cell of
Bank Burglar.

Plan Seen to Free Several
Hundred Prisoners.

Lewis B. Harris, sentenced to San Quentin for the burglary of the First National Bank of Artesia, made his fourth attempt to break out of the County Jail yesterday. According to Jailer Gallagher and J. B. Loving, a turnkey, who discovered the plot to escape, Harris planned to release thirty-two prisoners in Tank No. 1, and then probably 250 other prisoners in the jail.

While Harris was in the visitor's room talking to an attorney, according to Mr. Gallagher, Joe Brennan, in Tank No. 7, passed Harris's empty cell and dropped a package into it. Mr. Loving, having heard Harris cry up to Brennan to "bring down those two sprays when you take your bath," was on the watch. He investigated and found a file and a key. If properly filed, the key, it is said, would have opened the "break box." By using a lever in the box, thirty-two prisoners could have been released.

That a general jail delivery was planned was the belief of jailers, as three saws were later found in the dungeon, where Harris was recently kept for a week, and under Tank No. 8, two blackjacks were found. One was made of cloth and sand and one of a padlock. It was believed that Harris's plan was to deliver the prisoners in his tank, probably on Sunday, attack the few guards on duty then, deliver the rest of the prisoners and escape himself.

Mr. Gallagher vigorously denied that Harry E. New, convicted of second-degree murder for the slaying of Freda Lesser, his sweetheart, was in any way implicated in the plot. He said New was imprisoned in another part of the jail and could not have been released by the key Harris had. An investigation has been started by the Sheriff regarding the method by which the saws and other implements were smuggled into the cell. Once Harris walked to a cabinet, took out some keys and went out a jail door. He was captured three days later. On two other occasions he tried to escape, one time having sawed off two bars and a screen and was unhooked by the guards when caught. He is being held in the County Jail pending the arrival of a remittance, committing him to San Quentin, following the loss of his appeal to the Appellate Court.

WILL OPEN WHOLE BAG OF TRICKS.

"STUNT" FLYER PLANS THRILLERS
FOR CROWD AT LARK
ELLEN HOME BENEFIT.

Los Angeles will have an opportunity, at 2 p.m., tomorrow, at the Chaplin auditorium, to see the world's greatest "stunt" aviator, Lieut. Ormer Locklear, in half-raising air acrobatics for the benefit of the Lark Ellen Newberry Home.

The "stunt" that has made Lieut. Locklear famous is his jump from one plane to another in mid-air. On Sunday he will change planes for the two hundred and twelfth time. In two other occasions he has been able to make this feat, but not dangerous. Nevertheless, he is the only man in the world who has been able to make this feat, but not dangerous. Nevertheless, he is the only man in the world who has been able to make this feat, but not dangerous.

"I'll open the big bag of tricks next Sunday," said the famous aviator, yesterday, to Syd Chaplin, at whose aviation field the big show will be held.

Mrs. E. R. Hibbard, president of the Lark Ellen home, through whom arrangements were made with Lieut. Locklear and the Chaplin Aircraft Corporation, to perform Sunday, is most enthusiastic about the show and believes that the proceeds will materially help to reduce the \$8000 mortgage now on the property.

That all may have the advantage of seeing the show, the admission has been placed at 50 cents per person, children free.

STATE BEEKEEPERS WILL MEET FRIDAY.

ADDRESSES BY EXPERTS AND
MUSIC TO BE FEATURES
OF PROGRAMME.

The future of the bee industry and its importance to the State will be the feature of the meeting of the State Beekeepers' Association to be held in the State Building at Exposition Park Friday and Saturday. The programme as announced yesterday is of particular interest to all persons interested in bee culture.

Music throughout the sessions, together with an Americanization programme on Friday night, will provide a change from the business routine. The meetings will be open to the general public.

The first session will begin Friday morning at 9:30 o'clock, with A. B. Whiteside, president of the organization, presiding. Following a business session, the question of a permanent exhibit will be discussed by Mr. Paul, secretary of the Sixth Agricultural District. After this, a swarm control and preparation for the new flow will be discussed by Mr. Lynch and Mr. C. R. Ricker.

I. Andrews, and Robert W. Hodgson will speak on the farm bureau work, followed by "Queen Rearing" after M. E. Pritchard. Friday evening will be devoted to the Americanization programme.

The report of the National Beekeepers' Association meeting held recently will be read Saturday at 9:45 a.m. by C. F. Justice. A. E. Whiteside and Frank Buchanan will address the convention in the afternoon previous to the showing of a movie on the undeveloped territory of the State which will be accompanied by a talk by Prof. G. A. Coleman of the college of agriculture of the University of California. Election of officers will close the convention.

LOVE IS RATED AT LOW FIGURE.

Court Allows Husband \$300
for Alimony of
Wife's Affection.

William Patterson, who demanded \$50,000 damages for the loss of the love of his wife, Cora May Patterson, alleged to have been won by Dr. William J. Reed, was awarded \$300 damages by Judge Avery yesterday.

It was in evidence that Mrs. Patterson would place a card in the window of her home as notice to Dr. Reed that Mr. Patterson had left the house. Dr. Reed contended that there was no love between Mr. Patterson and his wife, and hence there was no loss of affection to be recompensed.

SERVICES FOR WOMAN WAR CORRESPONDENT.

NOTED WRITER FOUND HER
WORK AT AGE WHEN MOST
PERSONS RETIRE.

Funeral services for Mrs. Emma Paddock Telford, who died Monday at the home of friends in Venice, where conducted yesterday by Rev. William H. Fishburn of the West Adams Presbyterian Church.

Mrs. Telford's death brought to a close a career that was rich in achievement, experience, honor and service. She was born in 1851, and in the years that followed was a student, writer, war correspondent, editor and traveler of note. Mrs. Telford began her newspaper work in 1894, at an age when most women think the rush of life is over for them. She was employed by New York newspapers, and later was sent to the Balkans to report the Greek-Turkish War and investigate the Armenian situation.

Following years of special work on many New York papers, Mrs. Telford became associated with the Delicatore and other women's magazines. She was co-author with Mary Dawson of "The Book of Parties and Pastimes" and other works on similar topics.

While not having time for much active club work, she was a member of the East Hill Reading Club of Auburn, N. Y., the Arkona Antiquarian Society, American Home Economics Association, New York City League for Home Economics, the Alameda College Club and the Star Club of New York. She was a member, also, of the Maricopa (Ariz.) chapter of the D.A.R., and was interested in the forming of a chapter of the Colonial Dames in Arizona.

Mrs. Telford spent the last few years of her life in Venice at the home of Mr. and Mrs. John Wilson, hoping the climate might be of benefit to her. She was one daughter, Mrs. Henry David Evans of Mesa, Ariz., and four nephews, sons of the late Mrs. Charles B. Wing of Palo Alto.

GANDIER ILL AGAIN, MAY NOT RECOVER.

STRICKEN FIRST IN JAPAN, HE
RETURNS, RECOVERS, THEN
SUFFERS RELAPSE.

Grave doubts were expressed yesterday as to the recovery of Dr. D. M. Gandier, superintendent of the Anti-Saloon League of Los Angeles, who is suffering from acute stomach trouble at his home, 4023 Berceuse street, but there has been a little change in his condition for several days. Last November, while lecturing on prohibition in Japan, Dr. Gandier became seriously ill. He returned to America, and after a rest during the holiday season, seemed to have regained his normal health. After starting to work again he suffered a relapse and now, although able to take short walks from the house, he is under the care of his physician, Dr. A. C. Thorpe, and spends most of his time in bed.

LESTER TO SPEAK.

Treasury Man to be Heard at the
Dorsey Luncheon Today.

Los Angeles will today entertain the first U. S. Treasury Department official to visit the city for a year. He is Orrin Lester, associate director of the savings division. He brings a message to business men. He will talk today at the Chamber of Commerce luncheon, at the Alexandria, in honor of Mrs. Susan M. Dorsey, superintendent of schools.

Mr. Lester will speak on "The Present Critical Condition of Our Country and the Remedial Action." Tickets for the luncheon may be had at the Chamber of Commerce until 11 a.m.

GIRL'S FUNERAL TO BE HELD TODAY.

Funeral services for Miss Leona A. Dukeman, a popular young society woman who died of pneumonia in New York last Sunday, will be held today at 2:30 p.m., at the family residence, 1114 South Lake street. Miss Dukeman, with her mother, Mrs. William H. Dukeman, left for New York last Thanksgiving Day to spend the winter. They resided at the Waldorf Astoria and Miss Dukeman was taking a course of instruction in music. She was the daughter of the late Dr. Duane A. Dukeman, who died suddenly three years ago while on an automobile trip.

FINDS CITY PAID.

Word was received here yesterday that the State Supreme Court has affirmed the judgment of the local Superior Court, in favor of the city of Glendale in the action brought by Charles G. Gardiner, trustee in bankruptcy of the estate of the Knox Auto Company, involving the sale to the city by the Vance-Campan Motor Company, agents for the Knox company, of a combined horse-drawn and motor vehicle. The cost of the apparatus was \$4750, and the lower court held that full payment had been made by the city of Glendale, which view is affirmed by the higher court.

MEANS A SIXTY DAYS' DELAY.

Cline Ouster Cases Go to the
Appellate Court.

Petitioner Declares Action
Violates Constitution.

Would Restrain Lower Court
from Hearing the Suit.

Meaning a delay, it is said, of sixty days, in the Supervisors' suit to oust Sheriff Cline, the question of the jurisdiction of the Superior Court and of Judge Monroe to try the charges, appeared in the District Court of Appeals yesterday, when Henry T. Gage, W. I. Foley, George E. Cryer and Inall W. Bull, representing the Sheriff, filed a petition for a writ prohibiting Judge Monroe from any further hearing of the case.

No alternative writ was issued, but the question whether or not a peremptory writ shall issue will be argued before the court Monday at 10 a.m.

It is expected that the argument will attract a large number of attorneys, for it is stated that there is but little law on the subject involved in the contention, and that there is much to be said on both sides of the issue.

The petition recites that on January 19, Chairman Dodge of the Board of Supervisors filed in the Superior court a written accusation charging the Sheriff with having committed certain crimes and misdemeanors and felonies, and with a willful and corrupt misconduct and malfeasance in office, which, if such public offenses are established, are punishable by the removal of the offender from the office of Sheriff of Los Angeles county, and in which proceeding it is sought by the petitioner, Mr. Dodge, to have entered a judgment of \$100 in his favor under Section 772 of the Penal Code.

It is the contention of the Sheriff that the accusations were not presented to the grand jury, to be delivered to the District Attorney of Los Angeles county, and is not presented in the name of the people of the State of California or by their authorized agent, and is wholly unauthorized by law.

It is also declared that Section 772 of the Penal Code, under the authority of which the accusation is filed, is wholly unconstitutional, and violates Section 29 of the Constitution of the State of California, in that it purports to authorize the prosecution by private individuals for an offense against the people of the State of California, amounting to a misdemeanor and punishable by removal from office.

It is further set out that it is a special law within the inhibition of subdivision 2 of Section 25, of the Constitution of California; also, that it is a special law within the inhibition of subdivision 2 of Section 25 of Article 4 of the Constitution, and, furthermore, that it is a special law within the inhibition of subdivision 25, of Section 25, of Article 4 of the Constitution.

It is the further declaration that it is invalid because contrary to and in violation of Section 11 of Article 1, of the Constitution of the State, and contrary to Section 13 of Article 1 of the Constitution, because it denies to the party accused due process of law.

It is further set forth that on January 20 the petitioner appeared in Judge Monroe's court for the purpose of objecting to the jurisdiction of the respondent court to entertain such accusation, asserting that the criminal prosecution was not being prosecuted in the name of the people of California. The court overruled the objection and assumed jurisdiction, and it is set out that unless the court is prohibited by law from proceeding with the prosecution and will place the petitioner on trial.

The prayer of the petition is that a writ be issued against Judge Monroe, prohibiting him from proceeding with or conducting the trial of the criminal prosecution, and that an order to show cause why the writ should not issue be made, and that the writ be made peremptory and permanent.

Attorneys for Sheriff Cline yesterday, after being granted leave to file an alternative writ of prohibition with the Appellate Court, appeared in Judge Monroe's court and were granted a continuance until February 3 of the hearing on the contest suit of Chairman Dodge.

PROTEST AT CHANGE OF ARMY TEACHERS.

SCHOOL BOARD MEMBERS ASK
RETENTION OF R.O.T.C.
INSTRUCTOR HERE.

Learning that Maj. A. C. Knowles, for the past three months professor of military science and tactics for the local Reserve Officers' Training Corps, is about to be relieved from duty, and Lieut.-Col. E. W. Clark, U.S.A., retired, has been ordered here to take his place, the Board of Education yesterday sent a telegram to Congressman Osborne, asking that he see the Secretary of War or other official of the War Department, with the object of having Maj. Knowles continued here.

In the telegram, the board members told Mr. Osborne that personal considerations do not enter into the matter at all. They declared it is impossible to maintain the training class with any degree of efficiency if the War Department persists in its present practice of switching the instructors every two or three months.

The Board of Education declares it is necessary to have a man in charge of the class who knows the local conditions. Maj. Knowles, an infantry officer, has been very successful in his work here, the board members declare, and from now on will be more valuable than heretofore, whereas if a new officer is sent here, it will take him several months to get acquainted with local conditions.
